

Cedarhurst's COVID-19 Response Team has worked with our local teams to create an opening policy in a manner that promotes engagement, relationships, and meaningful and purposeful living for the foreseeable future. We will move forward in a safe and thoughtful way for our Residents and family members while remaining invested in supporting our dedicated employees. Each COVID-19 Response Level includes steps to:

- Conduct daily Signs & Symptoms Screenings for all Residents and those entering the community
- Take vitals and screen Residents daily for signs & symptoms of COVID-19
- Monitor inventory and procure Personal Protective Equipment (PPE)
- Conduct on-going infection control training for employees
- Communicate ongoing updates to Residents, families, and staff
- Conduct routine infection control & disinfecting
- Promote social distancing at all times, except when providing care
- Encourage virtual tours and limit in-person tours
- Receive a negative COVID-19 test result within 72 hours of a new Resident moving into the community ensure screening criteria are met
- Receive a negative COVID-19 test result within 72 hours of a new employee starting employment
- All employees and 3rd party providers will be tested for COVID-19 bi-weekly
- Offer alternative audio/video communication for residents & families
- Enforce surgical masks to be worn at all times for employees, 3rd party providers, and for Residents when staff are in their apartment or anytime they leave their apartment and enter the common areas of the Community
- Require Residents leaving the Community for non-essential medical reasons to complete a Voluntary Leave of Absence Agreement
